

PRESS RELEASE – September 26, 2011

A & H GROUP OF COMPANIES TO UNVEIL NEW VOCATIONAL E-PROGRAM FOR 2012!

A&H Group of Companies is proud to announce the new Vocational e-program that can be used nationally. Using technology we have developed an innovative, cost-effective approach for training and preparing job seekers. This exciting new program is designed to minimize cost and provide an exceptional job seeking skills training, job search readiness and job search coaching for clients seeking employment.

The program will be unveiled at the 2011 Fall MARP (Minnesota Association of Rehabilitation Providers) conference. There are also plans to have reviews by other professionals in the insurance and legal communities. This program is a win-win for all parties for cost and ensuring quality services are provided to the job seeker. Whether you are in the Worker's Compensation, personal injury, auto no-fault or need help with down-sizing efforts, this program can help you meet your needs.

The core program is designed to be done on-line and using teleconferencing by phone or SKYPE. The professionally developed lessons in the Career Guidance Course portion are self paced with quizzes to test the job seekers' understanding. Upon completion the job seeker will have a resume, job goals, employer contact list and all the forms needed to document and keep their job search on track.

A & H also offers Additional Job Search Components and other Optional Services to help you customize a program that's right for you!
